LOCALLY CRAFTED

THE EMPORIA TRIFECTA

With the opening of Trolley House Distillery, Emporia is the only city in Kansas with a brewery, winery, and distillery. This is quite amazing considering Kansas was the first state to enact statewide constitutional prohibition on alcohol and even though prohibition ended nationwide in 1933, Kansas held out for another 15 years. Taste the trifecta in Emporia, Kansas!

TROLLEY HOUSE DISTILLERY

While touring a distillery as part of his bachelor party festivities, an Emporia man decided on a new career path and with the help of family and friends created Trolley House Distillery. The distillery is located on the same property where the City's trolley barn stood in the early 1900's. Several flavors of Moonshine are available and barrels of Trolley House Bourbon are resting. The tasting room offers a full bar with rotating seasonal cocktails and frozen slushie drinks.

Radius is a full-service restaurant offering artisan-style appetizers, salads, sandwiches, soups, wood-fired brick oven pizza and a rotating chef's menu. With an open kitchen concept, diners can watch their meal being prepared and pizza dough being tossed.
